

Connect to Wifi with Cerbo GX

Turn on Cerbo GX to begin.

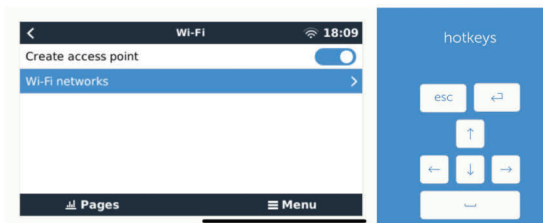

- 1) Open "Menu" on Cerbo and select "Settings".

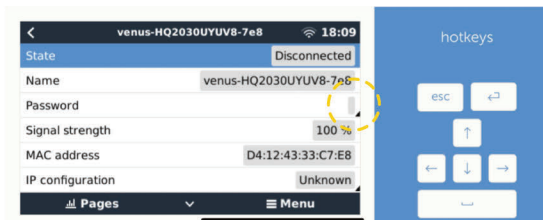

- 2) Scroll down in Settings to Wi-Fi option and select.

- 3) Select Wi-Fi Networks.

- 4) Choose desired network and open passwords option by touching the arrow or gray box.

- 5) Input the password and, when complete, press the check mark.
